INTRODUCTION AND CONSENT

Hello. My name is \_\_\_\_\_. I am working with National Institute of Statistics of Rwanda. We are conducting a survey about health and other topics all over Rwanda. The information we collect will help the government to plan health services. Your household was selected for the survey. The questions usually take about 30 to 60 minutes. All of the answers you give will be confidential and will not be shared with anyone other than members of our survey team. You don't have to be in the survey, but we hope you will agree to answer the questions since your views are important. If I ask you any question you don't want to answer, just let me know and I will go on to the next question or you can stop the interview at any time.

In case you need more information about the survey, you may contact the person listed on the card that has already been given to your household.

Do you have any questions?  
May I begin the interview now?

(1) Year of fieldwork is assumed to be 2019. For fieldwork beginning in 2020, all references to calendar years should be increased by one; for example, 2013 should be changed to 2014, 2014 should be changed to 2015, 2015 should be changed to 2016, and similarly for all years throughout the questionnaire.

(2) Response categories may be added for other methods, including fertility awareness methods.
